

COMMUNITY SUPPORT PATHWAY

As the situation evolves during the COVID-19 pandemic, AVOW have put together a Community Support Pathway to ensure that individuals can get in touch with the right people at the right time. The AVOW Community Support Pathway, includes who to contact and when and how you can get involved with support in your local community.

Do you require Community Support?

Do you have a carer or existing home support?

They could help with essentials.

Even if they are working or looking after children they could help with essentials.

There is a huge community effort available in many local areas across Wrexham County Borough who may be able to help.

Contact AVOW by phone 01978 312556 or email COVIDcommunity@avow.org. We will try to match you with a volunteer helper.

Do you have family, friends or a neighbour who could help?

Can you contact your local Community Agent, local Councillor, Community or Town council or community group either by phone, email or request and access support via social media? Contact details are available: <https://bit.ly/2Ji0z5c>

Could you volunteer in the local community?

Thank you for offering your time to the local community. You can sign-up via the Volunteering-Wales website at: <https://bit.ly/3ajljEy>

Even if you can't volunteer at the moment, there is plenty you can do already such as checking in on any vulnerable or isolated friends, family or neighbours.

Open Letter to All available here: <https://bit.ly/2UEFpUm>

Disclaimer:

AVOW providing the information of a possible volunteer to help with your needs during the Coronavirus crisis is not an endorsement of the person as we are unaware if they have a current DBS certificate. It is for you to choose whether to use the person to do shopping or any other support you require as AVOW cannot be held responsible.
